

O A LOOK AT OCEAN

VOLUME 27 NO. 21 SPRING/SUMMER 2009 A NEWSLETTER OF THE TOWNSHIP OF OCEAN IN THE COUNTY OF MONMOUTH

Visit Us On-Line

In September 2008, the Township awarded a contract to QScend Technologies for a complete redesign of the Township's municipal website, www.oceantwp.org, which has gone without a significant makeover since it was launched nearly ten years ago. The newly designed website, which will debut in March 2009, has been a priority for the Mayor and Council, and there has been a significant effort put forth by the Township staff to make this project a reality.

Initially the Township is aiming to improve the overall look of the site and create a more user-friendly format that will enable residents to quickly and efficiently find forms, agendas, calendars, etc. The long-term goal is to make the website a one-stop shopping location designed to allow residents to pay tax bills, register for recreation programs, view Ocean TV programming, and locate polling places. Visitors to the site will also be able to sign up for and receive updates on various community topics and link into RSS feeds. Other features will include a master calendar with an overview of the various Township meetings (with links where appropriate), a "How Do I" section which will provide answers to commonly asked questions, and an internal "Search" bar that will make it easier for users to find the information they are seeking.

One way in which residents can help keep the site looking fresh is to submit photos taken within the Township for possible inclusion on the site. If you have any pictures you would like to submit, or have other suggestions concerning the website, feel free to e-mail the webmaster, Adrienne Burke, at webmaster@oceantwp.org.

Colonial Terrace... Better Than Par

Veterans found their way back and newcomers graced our fairways as the Township re-opened the Colonial Terrace Golf Course in the spring of '08. The positive comments received throughout the 2008 season by facility guests reinforced the commitment made by the Township to purchase the property and continue its operations as a municipal course. Indeed, over 20,000 rounds of golf were played at the course during its first year of service to the Township.

Dale Shankland, PGA professional, was secured as the facility manager and seasonally re-located from North Carolina to manage the course. The clubhouse personnel and rangers, many of whom reside within the Township of Ocean, brought knowledge, commitment and the sense of community to the facility.

During the opening season, we were able to accommodate 180 adults in our beginner and intermediate recreation group lessons offered in the newly developed practice area. In addition, the Township's partnering efforts with The First Tee® of Monmouth and Ocean Counties resulted in serving in excess of 320 youth between the ages of 8 – 17. This was achieved through 450 volunteer hours provided by instructors and program coordinators.

Programming continued with the development of the first annual Junior Tour which was comprised of four events including the Junior Masters, Junior Open, Junior Challenge and the Ocean Township Junior Championship. These Thursday afternoon events were open to youth, 7 – 17 years of age, and broken down by age categories. The Junior Tour concluded with an awards banquet for the participants and family members.

As we look forward to opening day, Saturday April 4th, 2009, plans are underway for a full slate of golf events. Tours

and leagues for Seniors, Men, Women, Couples, and Youth are scheduled. Lessons and clinics for golfers of all ages and skill levels will be offered throughout the season. Singles golf will continue on Friday afternoons and the Mayor's Tournament will be held on May 16th.

More information is available about all the programs offered at Colonial Terrace on our website, www.oceantwp.org.

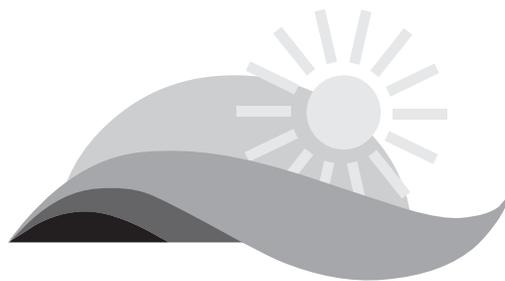

Energy Audit Project Moves Forward

In an effort to cut costs, achieve energy efficiency and preserve the environment, the Township is working with New Jersey's Clean Energy Program to arrange for a comprehensive energy audit of all municipal facilities. Audits completed according to the program requirements are eligible to receive rebates of up to 75 percent of the cost of the audit. Following the audit, the Township will be eligible to recover the remaining 25% of the cost, provided recommendations from the audit are implemented.

The Township will be distributing a Request for Proposals (RFP) to state-approved firms in late February and anticipates selecting a consultant in early summer. Potential outcomes of the audit may include things such as solar power, lighting retrofits, higher efficiency HVAC systems, etc., all of which can translate into lower energy use and lower or more stable energy

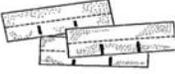

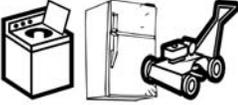

costs. The Township spends nearly \$700,000 annually on electricity, natural gas, water, and heating oil.

Look for updates on this subject (and others) with the March 2009 launch of the newly designed website – www.oceantwp.org.

| <p>MOTOR OIL, ANTIFREEZE, CAR BATTERIES</p>  | <p>These materials MUST be brought to the Monmouth County Household Hazardous Waste Facility See HAZARDOUS WASTE.</p> <p>Full service gas stations are required by law to accept used motor oil. Oil must be free of contaminants. Car batteries should be taken to a scrap yard where you can usually receive money for them. Local scrap yards include: Allied Iron and Metal (formerly Neptune Iron and Metal) 732-774-4100. Recycling Technology Inc. (formerly Mazza's) 732-922-9292</p> |
| <p>HAZARDOUS WASTE</p>  | <p>Monmouth County has a permanent Household Hazardous Waste Facility. Residents may bring household hazardous waste to this facility located at 3211 Shafto Rd. Tinton Falls. An appointment must be made prior to bringing material to the facility. Call 732-922-2234 to schedule an appointment.</p> |
| <p>LEAVES</p>  | <p>Leaf Collections are made according to the SCHEDULE in this newsletter (Please see page 4). Place leaves LOOSE in piles at the curb line, taking care not to create a traffic hazard. Bagged leaves will not be picked up. Piles can be no wider than 5 ft. from the curb line into the street. <u>Leaves must be placed at the curb the week before scheduled pickup times.</u> Leaves placed out during collection week, may not be picked up. DO NOT place leaves in or next to storm drains. Leaf piles must be placed at least 10 feet away from a storm drain inlet (per the NJ Storm water Regulations) or you may be subject to a summons. Leaf piles must be free of all branches, brush, grass, weeds, old plants, pine needles, garbage and debris.</p> |
| <p>GRASS</p> | <p>Grass has been banned from disposal at Monmouth County Landfill. Anyone placing cut grass, loose sod, dirt in the gutter, curbside or in storm drains is subject to a summons. Residents may bring their grass, free of charge, to the recycling center located at the west end of Sunset Ave. Professional Gardeners / Landscapers must pay an annual fee of \$300 per vehicle. Turf Specialists recommend grass clippings be left on the lawn or used for composting. See drop-off schedule.</p> |
| <p>BRUSH AND BRANCHES</p>  | <p>Brush and Limbs are removed according to schedule. From October through April, do not place loose brush curbside; however less than 1 cubic yard of brush is now to be placed in no more than 3-45 gallon containers and set out with regular garbage. Loose brush will be collected by zone from May through September, see schedule on page 4. Place loose curbside in lengths up to 4 feet; piles not to exceed 3 feet in height and not to extend more than 4 feet into the road. Brush must be placed at least 10 feet away from storm drains. Emergency collections will made following storms. DO NOT place other debris such as garbage, weeds, flowers, or leaves with the branches and brush. See Weeds, Dirt and Plants.</p> |
| <p>WEEDS, PLANTS, DIRT</p>  | <p>Place weeds, plants, and other vegetation from garden and flower beds, in a container no larger than 45 gallons in size; five gallon containers for dirt. Set the containers out with your GARBAGE at the curb on pickup day. There is a two can limit and each can cannot weigh more than 50 pounds. OR Try composting! This is a great way to recycle leaves, kitchen waste and other organic materials. Compost bins are sold by the Township for \$25. Please call 732-531-5000, ext 364 additional information.</p> |
| <p>RECYCLING DROP OFF CENTER</p>  | <p>The Recycling Drop Off Center is located at the west end of Sunset Ave. at the Public Works Garage. Brush & Leaf Zones

Township Ordinance, Chapter X and NJ DEP mandate leaves may only be placed at the curb during the 7 day period prior to the scheduled pick-up dates. The Township will not collect leaves if mixed with brush, limbs, grass, trash or other debris. Leaves placed out during pick up week may not be collected.

Leaf piles must be placed at least 10 feet from any storm drain inlet.

Homeowners are responsible for notifying lawn care specialists/landscapers of leaf collection schedules
All collection schedules may be found on our website, www.oceantwp.org and Ocean TV

Ocean Township Police Department Seeks Accreditation

A major goal of Chief Antonio Amodio and his staff for 2009 is to gain state accreditation for the Department. The New Jersey Law Enforcement Accreditation Program was established by the New Jersey State Association of Chiefs of Police as a means of maintaining the highest standards of professionalism within the New Jersey Law Enforcement community.

Accreditation is the certification by an independent reviewing authority that an agency has met 145 specific requirements and prescribed standards. To gain accreditation is a significant professional achievement. The accreditation process will involve a significant commitment of time and effort by the department staff to implement policies and procedures, to document the fact that the procedures are being followed and then submit to a comprehensive review by outside assessors verifying compliance with the standards.

Though it is a major commitment, there are tangible benefits to accreditation. The community benefits because the department can deliver services more efficiently and

effectively. It also commits the department to a broad range of programs that directly benefit the community.

The process reviews all aspects of the department, including operations, administration and management. It provides a great deal of resources including updated policies and procedures and the ability to measure the effectiveness of these areas. Standards address many areas including Use of Force, Training, Internal Affairs, Collection and Preservation of Evidence, and Victim/ Witness Assistance.

The New Jersey State Chiefs of Police Law Enforcement Accreditation Commission requires that a department complete the process within two years. If the process is not completed within that time frame, the department must reapply and start the process over. Once a department is accredited, it must be re-accredited every three years. Fees for the accreditation process vary depending on the size of the department; however, the savings gained in liability insurance premiums far exceed the costs of the program.
