"CAPS" CALCULATIONS

N.J.S.40A:4 - 45.1 et. seq. "The Local Government Cap Law" places limits on municipal expenditures. Commonly referred to as the "CAPS",it is actually calculated by a method established by the law.

In general the actual calculation works as follows. Starting with the figure in the 2007 budget for Total General Appropriations certain 2007 budget figures are subtracted; including the reserve for uncollected taxes, debt service, State and Federal aid, etc. Take the resulting figure and multiply it by 2.5% and this gives you the basic "CAP" or the amount of appropriations increase allowed over the 2007 Total General Appropriations. The Total General Appropriations may also be increased by 3.5%, if prior, to the introduction of the 2008 budget an index rate ordinance is approved by the governing body.

In addition to the increase allowed above, any increase funded by increase valuations from new construction or improvements is also allowed.

Also, the "CAPS" may be exceeded if approved by referendum. The actual "CAPS" for this municipality will be reviewed and approved by the Division of Local Government Services in the State Department of Community Affairs, but the calculations upon which this budget was prepared are as follows:

2008
CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4 It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET - A plan for all capital expenditures for the current fiscal year.

_____ Total capital expenditures this year do not exceed $25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.

_____ No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM - A multi - year list of planned capital projects, including the current year.

Check appropriate box for numbers of years covered, including current year:

_____ 3 years. (Population under 10,000)

__x__ 6 years. (Over 10,000 and all county governments)

_____ _____ years. (Exceeding minimum time period)

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

This section is included with the annual budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather, it is a document used as part of the Local Unit's Planning and Management Program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion in a line item in the Capital Improvement section of this budget, by ordinance taking the money from the Capital Improvement Fund, or by lawful other means.

The Capital Improvement Program that follows attempts to address the needs of the Township in the following areas:

Road Improvements, Public Works equipment acquisition and replacement, improvements to recreation facilities, office computer systems acquisition and replacement, public safety equipment acquisition and replacement and land acquisitions. The 2008 portion of the Capital Budget identifies relatively accurately the needs of the community this year. Future year projections are based upon both needs presently known as well as anticipated. In future Capital Improvement Programs, it may be appropriate to change or modify the scheduling, estimated cost, or the inclusion or exclusion of an item in the program.

Past Capital budgets have been assisted through the receipt of grants that reduce the debt requirements funded with real estate tax revenue. Recent large capital grants include a Green Acres land acquisition grant, a Public Library grant, several Community Development Block Grants, a Monmouth County Open Space Grant, and a variety of Department of Transportation Trust Grants. The aggressive grantsmanship program is anticipated to continue in the future.

Major capital projects presently underway which have been funded from past authorizations and grants include renovations to the west wing of the municipal complex. The west wing project includes the renovation of the old public library into the new municipal courtroom and support facilities as well as expanding useable office space on the second floor to accommodate need as well as providing a potential income source through the rental of vacant office space to other municipal entities. In addition, prior authorizations include renovations and upgrades to the Police Department communications desk and allow for expanding 911 services to other municipalities utilizing a shared services concept. Other projects include additional phases of the reconstruction of Deal Road, Poplar Road, ADA improvements to Monmouth Road and various other roadway improvements throughout the Township. In addition to the normal future capital needs, The balance of the reconstruction for Deal Road from Route 18 westward and the implementation of the reconstruction of Sunset Avenue Phase I will continue as well as an aggressive neighborhood roadway reconstruction program for 2008.
