## **RAYS OF LIGHT WINTER FESTIVAL**

Celebrating those who share  
light and warmth during the  
Holiday Season

# RAYS OF LIGHT FESTIVAL

---

From the earliest of times, cultures have celebrated the wonder of light in the winter. From ancient Egypt to Christianity; from the Roman Empire to Judaism and from the ancient Celts to Islam; light symbolizes both the warmth of love and the hope of dawn in the darkness of winter.

In each of our homes and in each of our hearts we celebrate those who are light...those who love us, those who hope in us, those who shine brightly with the glow of enthusiasm and the fire of inspiration. We have the opportunity to honor those people by donating a light in their honor to the Rays of Light Winter Festival.

Young or old...living now or living on in our hearts...this is an opportunity to let the light of our family or friends shine with the lights of so many others...to sparkle in a glorious tribute to the human spirit and a community of care.

We invite you to donate \$10 or more for a light for those you wish to honor. Your donation will be acknowledged with a card and a light will shine in honor of your designee from December 7, 2008 to January 17, 2009 on a tree at Joe Palaia Park near the Human Services-Library area.
