

The Gardens of IRELAND

Absorb amazing combinations of flowers and architecture and meet some Irish gardeners whose passion for design is inspirational!

In June 2015, township resident and garden designer **Laurel Von Gerichten** travelled from Dublin down the eastern coast of Ireland to the famous Ring of Kerry. She visited private properties not open to the public and public gardens whose head gardeners gave specialized tours. This program combines her photographs with descriptions of the gardens and recollections of these visits.

Laurel received a Certificate in Landscape Design from the New York Botanical Garden and has headed her own design company, Laurelbrook Design, Inc., for nine years. She is a certified member of the Association of Professional Landscape Designers, with whom she toured Ireland.
