The Township of Ocean Police Department must comply with 105 standards in order to achieve accredited status. Chief Steven R. Peters indicated, *"Accreditation results in greater accountability within the agency, reduced risk and liability exposure, stronger defense against civil lawsuits, increased community advocacy, and more confidence in the agency's ability to operate efficiently and respond to community needs."*

The Accreditation Program Manager for the New Jersey State Association of Chiefs of Police is Mr. Harry J Delgado, Ed.S. *"The assessment team is composed of law enforcement practitioners from similar New Jersey law enforcement agencies. The assessors will review written materials, interview agency members, and visit offices and other places where compliance with the standards can be observed. Once the Commission's assessors complete their review of the agency, they will report to the full Commission, which will then decide if the agency is to be granted accredited status"*, Harry J Delgado stated.

Accreditation is valid for a three-year period during which time the agency must submit annual reports attesting to their continued compliance with those standards under which it was initially accredited.

The New Jersey State Association of Chiefs of Police through its New Jersey Law Enforcement Accreditation Commission is the legitimate authority and accreditation agency in the state of New Jersey.
